To Whom it May Concern:

Please accept this letter of support for the operation of low-flying aircraft and the application of mosquito control pesticide application as a health, safety, and welfare disaster response activity over Pasco County.

The County supports the application in a manner that is most protective of people, suggesting that such application occurs late at night when people are not typically outdoors. Pasco residents are encouraged to report and protect against high concentrations of mosquitoes.

For further information or inquiry, please contact the Pasco County Office of Emergency Management at (727) 847-8137 or email Emergency Management Director Andy Fossa at afossa@mypasco.net.

Sincerely,

Ronald E. Oakley, Chairman
